

F-01 STAND

Description-: The F-01 Microphone Stand is a premium-quality, professional-grade stand designed to meet the demands of live performances, recording studios, and stage applications. Built with precision and strength, this stand offers an excellent balance of durability, functionality, and portability, making it a trusted choice for musicians.

Key Specification-:

- The F-01 stand offers a smooth height adjustment ranging from 85cm to 160cm making it suitable for both seated and standing performers.
- Built from high-quality steel and reinforced joints, the stand is designed for long-term reliability, resisting bending and vibration during use.
- Equipped with a 3/8" Whitworth male thread, it supports most standard microphone clips, holders, and shock mounts.
