

PGN STAND

Description-: The PGN Microphone Stand is a versatile and durable accessory designed for musicians, speakers, and audio professionals who require stability, portability, and reliable performance in both live and studio environments. Constructed from high-quality steel or aluminum alloy, this stand offers a solid yet lightweight structure.

Key Specification-:

- The PGN stand likely offers a height adjustment range from approximately 90 cm to 160 cm, accommodating various performance settings, whether seated.
- Crafted from high-quality steel or aluminum, the stand ensures durability and resistance to wear, making it suitable for both studio and live environments.
- Equipped with a tripod or weighted base, the PGN stand provides excellent stability, minimizing the risk of tipping during use.
