

PLAIN DIAPHRAGMS

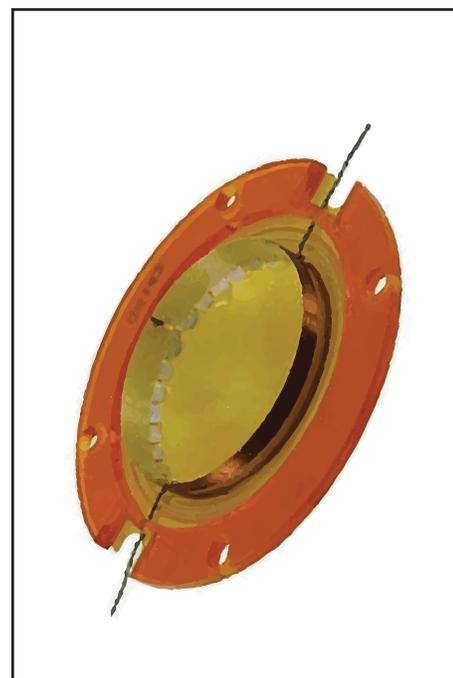

Description-: The PENZA Plain Diaphragm is a high-quality replacement component designed specifically for PENZA'S driver units. These diaphragms play a critical role in maintaining the performance and reliability of Ahuja horn drivers, which are widely used in public address systems, auditoriums, stadiums, and outdoor event.

Key Specification-:

- The reinforced phenolic diaphragm ensures durability and excellent sound reproduction, making it suitable for professional audio applications
- The self-centering design allows for straightforward replacement, minimizing downtime and technical expertise required.
- The voice coil is wound with high precision on an aluminum bobbin, contributing to the diaphragm's rigidity and efficient heat dissipation.

Features-:

MODEL NO.	PLAIN DIAPHRAGMS
Diaphragm Material	Reinforced phenolic diaphragm
Voice Coil Wire	Copper (CCAW) or Aluminum
Impedance	16Ω
Mounting Type	Self-centering design for easy installation
Compatibility	Designed for AU-35, AU-40, and AU-60 driver units.
Voice Coil Diameter	Approximately 25 mm
