

PODO 1576 SPEAKERS

Description-: PODO 1576— PA Speaker Driver Overview This model is a professional-grade 15-inch speaker driver built for public address and sound reinforcement applications. PODO-1576 would be well suited for DJ setups, gigs, outdoor events etc.

Key Specification-:

- A standard impedance, which simplifies matching with many amps.
- With ~800 W RMS, it has good continuous power, so it can deliver loud output without immediate risk of damage if used correctly.
- Decent bass, but not “deep bass” or subwoofer territory. If your music needs a lot of sub bass.
