

PZ15BM-400 SPEAKERS

Description-: PZ15BM-400 — PA Speaker Driver Overview This model is a professional-grade 15-inch speaker driver built for public address and sound reinforcement applications. A 15-inch woofer gives good ability in the lower mids and bass.

Key Specification-:

- A 15-inch woofer gives good ability in the lower mids and bass.
- With 400 W RMS / 800 W peak, the speaker has decent power headroom. It can handle dynamic peaks without clipping (if matched with a good amplifier).
- 96 dB sensitivity is reasonably good: you'll need less input power to reach a certain loudness compared to lower-sensitivity speakers.
