

## TY-2501-A TWEETER

**Description:-** TY-2501-A is a small-format diaphragm compression driver designed for midrange and extended high-frequency reproduction in two-way professional sound reinforcement systems. The driver has a rated bandwidth of 1.5kHz to beyond 20kHz.

### Key Specification:-

- A small format diaphragm compression driver designed for mid-range
- The driver has a rated bandwidth of 1.5kHz to beyond 20kHz.
- This features an industry-standard screw-on style exit that allows the driver
- The driver features a mid band output rating of 105dB with a one-watt

### Features:-

MODEL NO.	TY 2501 A
MAX POWER	40W
VOICE COIL DIAMETER	24.5 MM
NOMINAL IMPEDANCE	8Ω
SENSITIVITY	106 dB.
SENSITIVITY	20 Hz.
