

LED LIGHT

YCO35 LED LIGHT

Description-: The YC035 LED Curtain Bar from Penza is a professional stage lighting fixture designed to create dynamic curtain-style lighting effects for concerts, DJ shows, clubs, weddings, stage performances, and event productions. The fixture uses high-brightness RGB LEDs with pixel control technology, allowing each LED to be controlled individually to produce colorful chases, wave effects, and animated lighting patterns

Key Specification-:

- High-brightness RGB LEDs for vibrant stage lighting
- Pixel-by-pixel control for dynamic chase and curtain effects
- Multiple control modes (DMX512, Auto, Sound, Master-Slave)
- Smooth 0–100% dimming and adjustable strobe effects

Features-:

Model	YC035
Product Type	LED Curtain Bar Light
Light Source	High Brightness RGB LEDs
LED Configuration	Approx. 36–40 PCS × 3W LEDs
Total Power	Approx. 100–120 W
Color Mixing	RGB Color Mixing
Control Protocol	DMX512
